

**IN THE CIRCUIT COURT OF THE SEVENTEENTH JUDICIAL CIRCUIT
IN AND FOR BROWARD COUNTY, FLORIDA
CIVIL DIVISION**

John Ennis

Complaint No. CACE-20-005089

aka

Sol Adoni

Judge: Hon. Judge Singer

Plaintiff,

V.

West Lake Village Homeowners' Association Inc.

Notice to Court

Et Al

Defendants,

Notice to Court Health Issues

COMES NOW the Plaintiff, John Ennis aka Sol Adoni, in his Notice to the Court over Health Issues and Motion to Postpone all hearings until further notice.

1. On November 16th 2020, the Plaintiff was admitted to Holy Cross Hospital for his first heart attack that he believes manifested from the actions of Judge Singer in refusing to disqualify herself for a myriad of legal reasons from this matter which resulted in an excessive amount of legal paperwork filed by Plaintiff against Judge Singer that manifested in aggravating his severe spinal injury causing severe pain that triggered the cardiac event.
2. On November 17th another cardiac event manifested while in the hospital due to the hospital not treating his spinal pain properly.
3. On November 18th another cardiac event manifested and due to the Plaintiff being home he was able to do his routines of pain alleviation for his spinal injuries that resulted in a lesser event but possibly his 3rd heart attack.
4. At this point it is unclear what is triggering all these cardiac events besides the obvious spinal pain from the injuries suffered that are at the center of this case.

5. There are several other medical issues that need to be properly explored to determine the best treatment for the heart condition of the Plaintiff and those other issues were refused to be explored properly by Holy Cross Hospital so now the Plaintiff must do his best to endure this period of cardiac instability to seek expert opinions on if a myriad of health issues might need to be addressed before any cardiac treatment is done. Cardiologists want to treat the heart when in fact other issues might need to be resolved before any potentially fatal operations or procedures are done by a cardiologist who is only interested in charging for heart procedures and not ruling out issues with other organs due to the chronic health issues of the plaintiff.

MOTION TO POSTPONE FUTURE HEARINGS

6. So at this point in time, the Plaintiff cannot attend any hearings until further notice and it may be at least a couple of months for his heart to heal properly after so many traumatic events documented over multiple days in a cardiac unit in Holy Cross.

Therefore, the Plaintiff requests this court postpone all future hearings in this matter until the cardiac health issues of the Plaintiff are fully resolved.
